

## BROOKSIDE AT IVY KNOB

The nine 7.5 minute series topographic series quadrangle maps shown below are furnished for the use of our guests. These are the maps used to illustrate the Carolina Mountain Club's route maps and profiles at the links referred to in the Hiking section of the Attractions page of Brookside's web site. They are meant to be used and even taken into the field if you feel the need to do so. Please use them carefully, though, because they aren't cheap and are a pain in the neck to replace.
